HELPFUL TIPS FOR BUS DRIVERS & AIDES

Simple ways to support communication during the ride

1 Keep communication tools within reach.

2 Ask one question, then give time to respond.

3 Talk directly to the passenger.

4 Model words and pictures without pressure.

5 Notice gestures, signs, pictures, devices, and expressions.

6 Safety first: the driver focuses on driving. Check in only when safe.

Follow the passenger's individual support plan and family or school guidance.
